

StealthCleaner

StealthCleaner Rope Cleaner

Rope Cleaner

Like everything underwater, the fouling grows faster than what you think is possible. The frame moorings are long and difficult to get clean. We have experienced this after over 20 years of cleaning net. StealthCleaner which is our net wash equipment has a modular design. This allows you to attach various special equipment to clean the hard-to-reach areas. Now we have developed a rope cleaner to our multitool, StealthCleaner. This makes it possible to have the frame mooring washed while taking the note. This builds up under our philosophy of safe efficiency and sustainability

MEASURES

Height: 32 cm
Length: 90 cm
Width: 70 cm
Weight: 8 kg
