

StealthCleaner

StealthCleaner Table

Table

HSE and safe efficiency are the mission for all our development projects, and in order to make maintenance and disinfection of StealthCleaner better and easier for users, we have developed and produced this relief table with the right working height. It makes the handling of StealthCleaner more efficient as it can be angled in different directions and, besides that, it secures the washer during transport and makes it easier to launch it/take it out of the water.

MEASURES

Height: 140 cm
Length: 140 cm
Width: 150 cm
Weight: 60 kg
Table Fog limit: 500 kg
